

- ❖ Polycrystalline Solar Panel : 18V-20W
- ❖ Sealed Lead Acid battery : 12V-12Ah
- ❖ Controller : 12V 10 A
- ❖ Pure Sine Wave Inverter : 12V 150 watt
- ❖ DC Cigar - lighter Socket : 1 pc
- ❖ AC Charger Socket + wire : 1 unit
- ❖ DC Output Socket : 12V - 5pcs
- ❖ 5V USB output socket : 1pcs
- ❖ AC Output 3 Pin 230V Socket : 2pcs
- ❖ LIFE span for the battery about 6-8 years if used according to our Specification
- ❖ Load : LED light,fan,Radio, Mobile Charger
- ❖ Battery Charging Time : Approx 8 hours for full Charge
- ❖ Able to Support : 12V 6W LED light 5pcs Works for 12 hours
- ❖ Accessories : Include 10 Meter wire with socket for panel and 5 Meter for light/fan
- ❖ Solar Panel Size : 685*515*30mm
- ❖ Control Tower Size : 300*300*210mm
- ❖ Net weight about 21Kg
- ❖ Important : Remember to connect the grounding wire to the given socket at the back of solar generator, This maintenance free equipments life span about 25 to 40 years if only used According to our instruction except the battery and bulb.
